

Explore the structure of a sunflower as well as have some creative fun with this activity.

What you need:

Sunflower with head full of flowers

Step one

Gently rub your thumb across the head of the flower so that the tiny flowers fall away to reveal the dark sunflower seeds underneath.

Step two

Continue this technique to create the eyes and a smile.

Step three

Allow your child to create their own expressions or faces.

Don't forget to send us a photo of your creation!

Upload it via our website or email it to sunflowers@daltons.co.nz
