

This simple activity teaches  
the full life cycle of sunflowers  
from seed to a full bloom!

### What you need:

 Scissors

### Step one

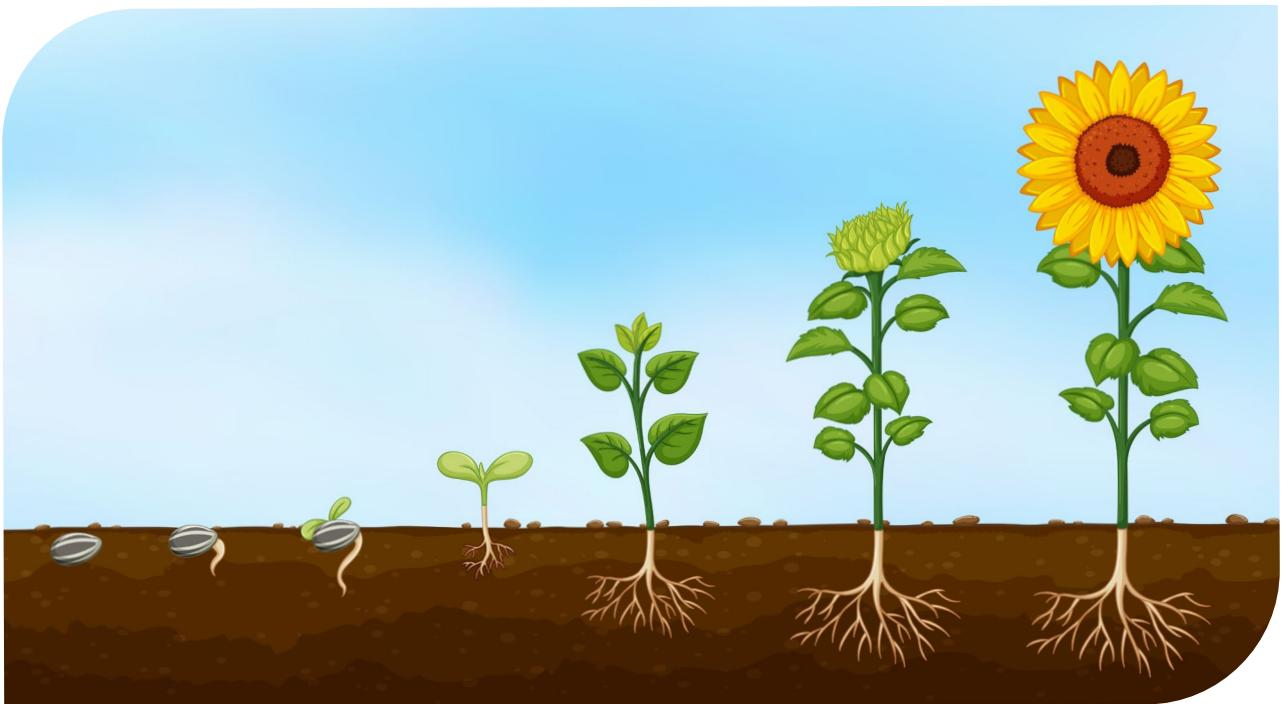

Print off the sheet below and cut out individual cards.

### Step two

Shuffle the cards on the table.

### Step three

Encourage children to figure out what order they go in.

**Don't forget to send us a photo of your creation!**  
Upload it via our website or email it to [sunflowers@daltons.co.nz](mailto:sunflowers@daltons.co.nz)
