

This activity will help kindy children see the different shapes in a sunflower.

What you need:

-  Brown, yellow and green card
-  Paper
-  Scissors
-  Glue sticks
-  Shape template (on next page)

Step one

Each child will need cutouts of these shapes:

- 1 brown circle
- 8 yellow triangles
- 1 green rectangle (long and skinny)
- 2 green oval

Step two

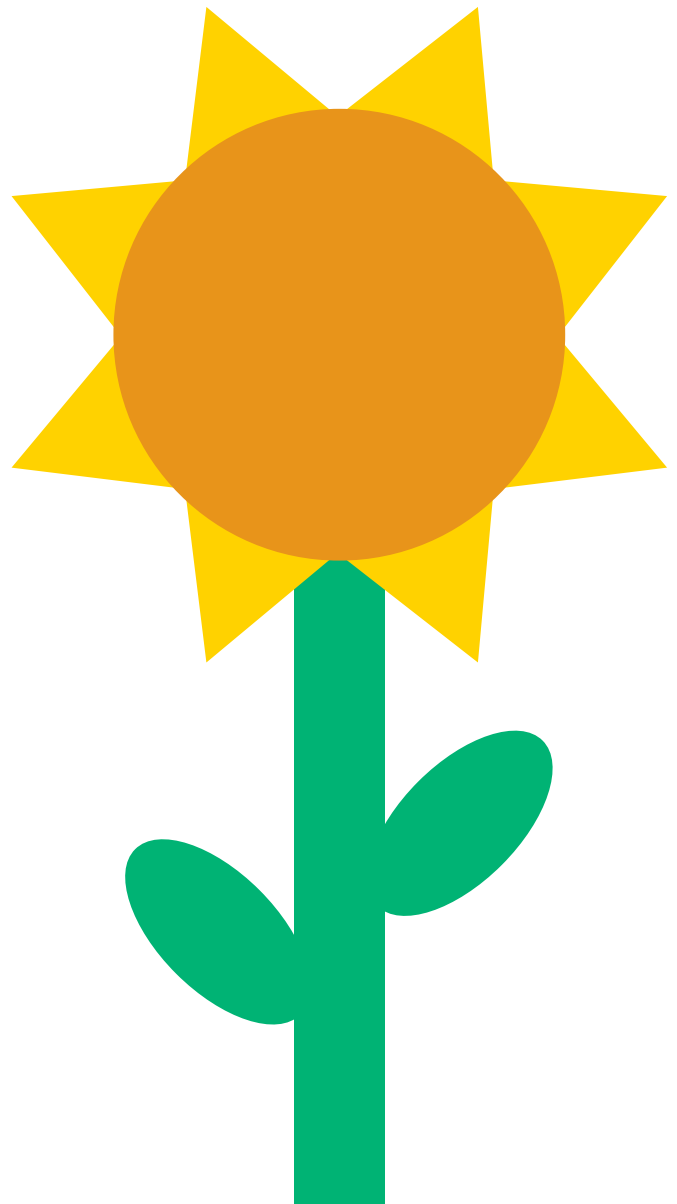

Have each child hold up a shape when you say its name.

Step three

Talk about the properties of each shape.

Step four

Have the children glue down the shapes on to a piece of paper to create their own sunflower picture.

Don't forget to send us a photo of your creation!

Upload it via our website or email it to sunflowers@daltons.co.nz
