

SAFETY DATA SHEET

Daltons Landscaper Planter Tabs

Section 1: Substance Identification and Supplier

Product Name:	Daltons Landscaper Planter Tabs
Other names:	Osmocote Exact Tablet 12-14 Month Osmocote Exact Tablet 14-3.5-8.3+1.2Mg+TE
Chemical formula:	No chemical formula
Recommended Use:	Fertiliser (PC12)
Product description:	Ammonium nitrate based fertiliser
Company Identification:	Daltons Limited
Address:	266 Hinuera Road West Matamata 3440
Customer Centre:	0800 808 150 (New Zealand) Hours of operation: Monday – Friday 7.30 a.m. – 5.00 p.m.
National Poisons Information Centre:	0800 POISON (0800 764 766) 0800 CHEMCALL (0800 243 622) (24hr) (Emergencies Only)
Emergency Telephone Number:	111 - tell operator what service is needed: Fire, Ambulance, Police
Manufacturer:	ICL Australia & New Zealand, Suite 211, 33 Lexington Drive, Bella Vista, NSW 2153 Australia. Tel.: +61 (0) 2 8801 3300

Section 2: Hazard Identification

HSNO Hazard Classifications:	9.1C hazardous to the aquatic environment chronic Category 3
Signal Word:	None
Hazard Pictogram:	None
Hazard Statement:	Not a hazardous substance or mixture in Australia or New Zealand according to the Globally Harmonized System of classification. Harmful to aquatic life with long lasting effects.
Prevention:	Read label before use Read Safety Data Sheet before use Avoid release to the environment.
Response:	Call a POISON CENTRE or doctor/physician if you feel unwell
Storage:	None
Disposal:	Collect any unused product and dispose of in an approved landfill or according to local area regulations. Do not dispose of in waterway.

Section 3: Composition Information

INGREDIENT	CAS NUMBER	CONCENTRATION
Ammonium nitrate (NH ₄ NO ₃)	6484-52-2	30 - 60%
Iron sulphate (FeSO ₄ +1H ₂ O)	7720-78-7	0.1 - 1%
Copper sulphate anhydrous (CuSO ₄)	7758-98-7	0.1 - 1%
Manganese sulphate (MnSO ₄ +1H ₂ O)	7785-87-7	0.1 - 1%
Borax (Na ₂ B ₄ O ₇ +10H ₂ O)	1303-96-4	0.1 - 1%
Zinc sulphate anhydrous (ZnSO ₄)	7733-02-0	<0.1%

61% of the other ingredients are determined not be hazardous.

SAFETY DATA SHEET

Daltons Landscaper Planter Tabs

Section 4: First Aid Measures

First Aid Measures:	Consult the National Poisons Centre on 0800 POISON (0800 764 766) or a doctor immediately in every case of suspected poisoning.
Inhalation:	If ill effects occur, remove patient to fresh air and keep at rest in position comfortable for breathing. Seek medical assistance.
Ingestion:	Clean mouth with water. Possible symptoms include nausea and vomiting. If swallowed, seek medical attention. Do NOT induce vomiting unless directed to do so by a medical professional. Never give anything by mouth to an unconscious person.
Skin:	If skin contact occurs, remove contaminated clothing and wash skin thoroughly with soap and water. Seek medical advice if irritation develops. Wash hands thoroughly before eating and drinking.
Eye:	Immediately rinse with plenty of water for at least 15 minutes, holding eyelids open if necessary. Remove contact lenses if present and easy to do so. Seek medical advice.
Advice to Doctor:	Treat symptomatically.

Section 5: Fire Fighting Measures

Combustion Products:	Carbon oxides, phosphorus oxides, ammonia and nitrogen oxides.
Extinguishing Media:	Dry sand, CO ₂
Unsuitable Extinguishing Media:	High pressure water streams, dry chemical, foam.
Protective Equipment:	Use appropriate apparatus including breathing apparatus, goggles and protective gloves
HAZCHEM Code:	None allocated.

Section 6: Accidental Release Measures

Spills and Disposal:	Protect yourself and others from injury or from inhaling any dust that may be present. Wear appropriate protective clothing. For either large or small spills; contain spill and sweep up. Collect and place in sealable containers. Avoid generating dust. Prevent product from entering drains and waterways.
Protective Clothing:	For appropriate personal protective equipment see section 8.
Environmental :	Prevent product from entering drains. Do not contaminate surface water. Avoid unintended release of excessive amounts into waterways or sewers. If contamination of sewers or waterways occurs, advise local emergency services.

Section 7: Handling and Storage

Handling:	Read the packaging information and/or the safety data sheet prior to opening and using this product. Pay particular attention to the information surrounding safe use and handling. Only use this product as intended. Do not breathe any dusts. Keep away from animals and supervise children when using this product. Use only outdoors or in a well-ventilated area. Avoid skin, mouth and eye contact. Do not eat, drink or smoke when using this product or in areas that may come in contact with this product. Always wear gloves and wash hands immediately after use and particularly before eating, drinking or smoking.
Storage:	Keep containers tightly closed in a dry, cool and well-ventilated place. Keep away from heat, sparks, flame and other sources of ignition. Ensure containers are adequately labelled or in their original packaging. Keep container closed when not in use. Keep in a dry, cool and well-ventilated place. Protect from sunlight. Store away from children, animals, food and drink. Daltons Landscaper Planter Tabs may be subject to further requirements according to the Hazardous Substances (Emergency Management) Regulations 2001. If stored in quantities of more than 10 000 kilograms either alone or in combination with other hazardous substance an emergency plan and signage is mandatory.

SAFETY DATA SHEET

Daltons Landscaper Planter Tabs

Section 7: Handling and Storage

Other Information:	Avoid unintended release into the environment
Approved Handler:	Not required
Tracking:	Not required
Record Keeping:	Not required

Section 8: Exposure Control/Personal Protection

Exposure Limits:	No value assigned for this specific product by EPA or NZ Department of Labour Health and Safety. Workplace Exposure Standards for particulates not otherwise classified: Inhalable Time Weighted Average (TWA): 10 mg/m ³ Respirable dust Time Weighted Average (TWA): 3 mg/m ³ Total Exposure Limit (TEL): Not assigned
Engineering Controls:	Use only in a well ventilated area. Avoid generation and inhalation of dust. Keep packaging closed when not in use.
Protective Equipment:	Respiratory Protection: Ensure adequate ventilation at all times. Avoid breathing dust. If required where a suitable mask or particulate respirator according to AS/NZS 1715/1716. Skin Protection: Avoid direct contact with skin. Always wear appropriate gloves such as nitrile gloves or those specified in AS/NZS 2161 and wash hands, arms and any skin which may have come into contact with the product with soap and water immediately after use and particularly before eating, drinking or smoking. Wash any contaminated clothing or other protective equipment before storing or reusing. Eye Protection: Avoid contact with eyes. If there is a risk of dust exposure wear dust resistant eye protection as specified in AS/NZS 1336 and ensure that the media is damp to reduce generation of dust.

Section 9: Physical And Chemical Properties

Exposure Limits	
Appearance:	Solid brown granules in a tablet shape.
Odour:	No specific odour
Bulk Density:	No data available
pH:	No data available
Freezing Point:	No data available
Vapour Pressure:	No data available
Vapour Density:	No data available
Boiling Point:	No data available

Section 10: Stability And Reactivity

Stability:	Stable under normal conditions.
Conditions to Avoid:	Avoid contact with foodstuffs, hands, eyes and face. Avoid inhalation of dust. Avoid contact with other chemicals. Avoid excessive heat, ignition sources and open flames.
Incompatible Materials:	Keep away from flammable products and ignition sources.
Hazardous Decomposition Products:	None under normal processing. Thermal decomposition can lead to release of irritating and toxic gases and vapours i.e. Carbon oxides, phosphorus oxides, ammonia and nitrogen oxides.

SAFETY DATA SHEET

Daltons Landscaper Planter Tabs

Section 11: Toxicological Information

No adverse health effects should occur in the product is handled in accordance with this Safety Data Sheet and the recommendations made on the packaging.

Ingestion:	Ingesting large amounts of the product may cause nausea and vomiting and lead to abdominal discomfort and increased risk of gastrointestinal issues.
Skin:	Contact with skin may cause irritation. Wash skin thoroughly.
Inhalation:	May cause irritation of the respiratory tract.
Eye:	An irritant. May cause redness or watering of the eye and lead to irritation or infection.

Section 12: Ecological Information

Ecotoxicity:	Contain the media and avoid unintended release into streams, groundwater and waterways.
Persistence:	No data available
Degradability:	No data available
Mobility:	No data available
Bio-accumulation	No data available
Other Adverse effects:	No data available

Section 13: Disposal Information

Product Disposal:	Observe any local authority, national and regional restrictions that may apply. Dispose of the product according to these observances. Dispose of the empty packaging by placing into the domestic rubbish or according to local authority instructions. Do not reuse empty packaging.
--------------------------	--

Section 14: Transport Information

Transport requirements:	Protect from extreme heat, moisture and strong acids or bases
Road and Rail Transport:	Not classified as a Dangerous Good under NZ5433:2012 Transport of Dangerous Goods on Land
Air Transport:	Not classified as a Dangerous Good by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulation for transport by air: Non Dangerous Goods
Marine Transport:	Not Classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG) for transport by sea. Non Dangerous Goods.

Section 15: Regulatory Information

EPA New Zealand Approval Code:	Not regulated as per the New Zealand Hazardous Substance Regulations.
